*Infant & Toddler*

**May 1 – 5:**  
**Teacher & Staff Appreciation Week!**

Take a minute this week to thank your children's teachers for all they do! Teachers are unfortunately often the unsung heroes in a child's life. We are fortunate to have such caring, nurturing teachers on our staff with many years' experience.

To our staff at CCPlus:

Thank You!

... For your loyalty and dedication!

... For the loving care and education you give our children!

Rita & Patty

**Mark your Calendars!**

Picture Day is Thursday, May 4<sup>th</sup>

Memorial Day, Monday May 29<sup>th</sup> – CC+ will be closed

Toddler & Preschool graduation is Friday, June 16<sup>th</sup>

*Information about Toddler and Preschool graduation will be sent home as the date gets closer.*

**Infant Corner**

Happy May from the infant room! The children are growing quickly and reaching individual milestones. There is always a new crawler, walker or a new activity taking place!

The children have been enjoying outdoor play and walks. As the weather begins to get warmer, please send hats and apply sunscreen at home. Send in extra for re-application. Thank You!

We would like to wish a Happy Mother's Day to all of our moms and thank them for all they do!

### Zoo

We begin the month of May learning about the zoo. We'll read stories and show pictures of animals of all kinds and differentiate between house pets and farm animals to wild animals found in the jungle. The children will learn about the many jobs of a zookeeper and play assorted animal matching games. The local zoo is a great place for families to visit for many fun activities.

### Mothers

We will be celebrating moms with a theme entitled Mothers are special. Dramatic play will consist of a nursery center complete with baby dolls. We'll play in the water table "bathing" some baby dolls and play a picture game, matching mother to child. We will be working on some special gifts to send home to thank our wonderful moms for all they do!

**HAPPY** ☀️  
**MOTHER'S**  
**DAY!** 🌻

### Dinosaurs & Reptiles

We end the month with themes of reptiles followed by dinosaurs. We'll play dinosaur matching games, discuss the difference between big and little and play games to sort by color and size. We'll use plastic reptile figures to enhance circle time stories about these cold-blooded creatures and use our fine motor skills to open and close plastic eggs for our reptiles to hatch. And lastly, for craft, dinosaurs, snakes and turtles will be created.
