

*Child Care Plus
Learning Center
Kids Club*

Hello from the kids club! We hope everyone enjoyed April vacation. The children went on several field trips throughout the week, including The Botanical Garden at Roger Williams Park. The children were able to view the Fairy Gardens.

We also went to the Providence Children's Museum and Coventry Library to see Moana while enjoying popcorn. The children made a craft related to the movie when they returned to the center.

In May, the children will have the opportunity to make a special gift for their mothers. With Spring finally here, the children will be making flowers using different materials and will display them in the room to bring a touch of Spring inside.

We will be making a “Lava Lamp” for our science experiment this month. They will also be working on various projects with the fuse beads. The kids enjoy using them on Wednesdays!

The teachers are busy planning for the summer. If you have any questions, please feel free to ask.
